

INSTRUCTION FOR MAINTENANCE AND USE

ref.3002002-3002003-3002005
ELECTRIC TABLES

PLEASE READ THESE INSTRUCTIONS CAREFULLY BEFORE USING

Thank you for purchasing a STAR UNIVERSAL electric grooming table. Below are the instructions for care and maintenance and information about the guarantee of your equipment.

SAFETY PRECAUTIONS

Before turning on your machine, please read and follow these instructions carefully. Check that the voltage indicated on the machine corresponds to your electrical supply. Your electrical supply should meet current safety standards and be fitted with a 30 mA circuit breaker.

- Never submerge the machine in water and never use in wet places.
- Never use the machine near a bathtub, shower, or recipients that contain liquids.
- If the machine stops working or do not work correctly, unplug the machine and do not open it. Repairs should only be performed at the VIVOG technical assistance centre which is MARTIN FACTORY.
- If the power cable is damaged, it should be discarded and replaced with an identical model.
- Never use the machine with wet hands and/or feet.
- Never use the machine barefoot.
- Never use the extension lead in rooms that are destined for bathing or showering without taking specific precautions.
- Never pull the power cable or the machine to unplug it from the power socket.
- Never allow children or unskilled persons to use the machine without supervision.
- This machine is not designed to be used by people (including children) whose physical, sensory, or mental capacities are reduced, or by anyone without the necessary skills or knowledge, unless they are specifically monitored or have been instructed in the use of the machine by somebody responsible for their safety.
- Children should be monitored to ensure that they do not play with the machine.

- Never use the machine for any other thing than the purpose for which it is designed.

NEVER OPEN THE MACHINE.

CLEANING AND MAINTENANCE

The table doesn't require any maintenance: wash with tepid water, use a damp cloth and a soft washing liquid. Do not use inappropriate solvents and aggressive liquids (e.g. cream, greases, etc).

INSTRUCTION FOR USE

- 1- Connect the table to the electric power supply (220-240 V)
- 2- Push the "up" foot control or the "down" foot control according to the needs.

GUARANTEE

The table is guaranteed for a period of 3 years from the date of purchase, the guarantee terminates at this time even if the table has not been used. It is therefore advisable to keep the proof of purchase (receipt and original packaging). The guarantee is applicable for normal conditions of use and not intensive, with regular maintenance of all parts. The guarantee covers all mechanical manufacturing defects. The replacement or repairs of parts that are subject to normal wear or resulting from misuse are therefore excluded. Any repairs made during the guarantee period do not result in a prolongation of the latter. The guarantee is not valid if the table has been damaged as a result of negligence, inexperience, or during transport. The replacements or repairs covered by the guarantee are free of charge by sending the table directly, in its original packaging, with proof of purchase to:

MARTIN FACTORY
rue du chemin vert
59600 Maubeuge - FRANCE
