UPON RECEIPT

Adjust the feet to ensure perfect stability at the definitive location of the table.

CLEANING AND MAINTENANCE

The table doesn't require any maintenance: wash with tepid water, use a damp cloth and a soft washing liquid.
Do not use inappropriate solvents and aggressive liquids (e.g. cream, greases, etc.).
Periodically check the tightness of the hydraulic system screws.
Apply aerosol lubricant sparingly to the base of the cylinder rod to ensure smooth raising and lowering.

INSTRUCTION FOR USE

- Press in a brief repeatedly pedal jack to adjust the eight of the table according to the needs.
- To lock the table top (avoid it running), raise the pedal fully upwardly by pressing it.
- To lower the height of the table, press up on the pedal.

GUARANTEE

The table is guaranteed for a period of 36 months from the date of purchase, the guarantee terminates at this time even if the table has not been used. It is therefore advisable to keep the proof of purchase (receipt and original packaging). The guarantee is applicable for normal conditions of use and not intensive, with regular maintenance of all parts. The guarantee covers all mechanical manufacturing defects. The replacement or repairs of parts that are subject to normal wear or resulting from misuse are therefore excluded.
Any repairs made during the guarantee period do not result in a prolongation of the latter. The guarantee is not valid if the table has been damaged as a result of negligence, inexperience, or during transport. The replacements or repairs covered by the guarantee are free of charge by sending the table directly, in its original packaging, with proof of purchase to:
